People Perfect

Accurate Attendance

Easily monitor employee working hours and late arrivals, early departures, time taken on breaks, and absenteeism. Eliminate time-theft risk.

Time-off Trend Insights

With 100% visibility of employee working hours, elimination of missed punches, and streamlined attendance tracking, you can gain insights into employee time-off trends, shift patterns, and labour costs.

Paper-less Perfection

By completely shifting the attendance process to the digital platform, businesses can eliminate manual errors and paperwork, data redundancy, and save employee time.

Seamless Integration

Besides the Attendance-Payroll integration, our ERP seamlessly integrates with other backend systems for data exchange.

Employee Experience

Employees are provided with the self-service applications, giving them access and control over their data. Apart from empowering them to record clock in and clock outs, they can have better choices such as overtime pay or time-offs. You will be able to offer them better control over their work-life balance.

Increases Productivity

Reduce Absenteeism

Our attendance tools help you put a clear attendance system in place to greatly diminish absenteeism. Time-tracking makes staff tardiness traceable. Employees are more likely to stick to their work schedules.

Uplift Morale

By making accurate and on-time salary payments possible, concerns over long working hours and inaccurate pay can be avoided. Getting their due on time every time boosts employee morale.

Save Time

Avoid the hassle and time wastage involved in manual payroll runs. Instead enjoy the benefits of automating all payroll-related processes such as computation of taxes and salaries.

Cut Accounting Workloads

Accounting personnel will benefit from the easy and automatic export of reports. Integrated with accounting tools, manual data entry needs will be eliminated, while bringing in complete accuracy.
